SMU SCHOOL OF RISK MANAGEMENT AND INSURANCE

It is with great pride that I point you to our website (<http://cox.smu.edu/web/insurance-council/insurance-council>) to share with you the work of 3 of our RMI students and their undergraduate research. In partnership with the Southwestern Insurance Information Service (www.siisinfo.org), each student's research was undertaken during the fall semester 2010 and you can access their papers through the titles. Undergraduate research is important to our mission and is a terrific way for our students to learn. When the students have an opportunity to write on anticipated public policy issues and gain exposure it is good for the student, Cox and the university. I hope you find this set of research papers of interest.

Robert Puelz
